### Use of Funding

Report on Direct State Aid funding received and spent between July 1, 2019 and June 30, 2020.

Under the broad categories below, describe how the funding was used and list the amount spent in that category. Please note that the box size for the description fields is fairly small so keep your description in those boxes brief. If you'd like to include longer statements to show how that money is helping your library, you can use the box at the end of the report labeled "How has library service in your community improved as a result of this funding?"

The Requirement to spend all Direct State Aid funding before June 30, 2020 was waived this year.

Impact of Funding

How has library service in your community improved as a result of this funding? Feel free to use a specific story of how this funding made a difference in a person's life.

The new carpet improved the appearance of the children's area and made it so much more inviting to the children. The children that came to story time were so excited when they saw the new carpet with the bright colored squares.
