

For Immediate Release

Creston, IA – September 8, 2020: Gibson Memorial Library in partnership with RBdigital from Recorded Books (Prince Frederick, MD), is pleased to announce the availability of **Transparent Language Online for Libraries**, the most complete language-learning system available anywhere. Transparent Language Online is a highly regarded and proven system providing the widest variety of high-quality learning material and seamless integration of real-life language use.

Through <https://library.transparent.com/matildajibsonia> patrons of **Gibson Memorial Library** will have unlimited access to more than 120 languages, with lessons and course materials designed to build listening, speaking, reading, and writing skills. **Transparent Language Online for Libraries** is packed with pronunciation practice, speech analysis, grammar, writing activities, and vocabulary-building activities. Patrons can learn on their own time, at their own pace in the library, in the comfort of their own home, or on-the-go.

Optimized for touchscreen use, **Transparent Language Online for Libraries** works on virtually any Internet-connected device or computer through a web browser. For those traveling abroad, the Transparent Language mobile app is available for download for iOS and Android™ devices through a valid Transparent Language Online account.

“This service is available for free to any patron who has a library card through Gibson Memorial Library,” said Director Aric Bishop. “Transparent Language is like having your own private instructor, and I feel that it is important to have these types of services available through the library, because that is what libraries are about – providing knowledge and information for free through the power of owning a library card.”

Please see your Gibson Memorial Library for more information on how to access this service or go to <https://library.transparent.com/matildajibsonia>. This resource is brought to the patrons of Gibson Memorial Library by the State Library of Iowa through federal funds administered by the Institute of Museum and Library Services (IMLS) for the Library Services and Technology Act (LSTA).

About Transparent Language, Inc.

At Transparent Language, we leverage our expertise in technology, learning, and language to build innovative language-learning and teaching software for use by US Government agencies and organizations, as well as hundreds of public libraries, thousands of schools, and millions of individuals. We are serious about language learning. We care about all languages, regardless of commercial value. We believe that great language technology not only changes the user experience; it transforms the economics, logistics and reliability of language learning. Transparent Language is headquartered in Nashua, New Hampshire, USA. Visit them on the web at www.transparent.com.

About Recorded Books

Recorded Books is a leading provider of library services around the world, the largest independent producer of unabridged audiobooks, and a distributor of other audio products. Over 10,000 titles for adults, children and young adults are narrated by professional award-winning actors. RBdigital from Recorded Books offers digital database services for downloadable audiobooks as well as continuing education courses, software training, online foreign language courses, digital magazines, independent

films, and much more. The OneClickdigital platform delivers electronic products to both libraries and their patrons. eAudiobooks from all the major publishers are available from OneClickdigital and a large collection of titles are simultaneous access. An eBook program is planned to be launched in 2013. For more information, visit www.recordedbooks.com.
